HIV/AIDS Awareness Powwow at MFC

On March 16 the Mohican Family Center held a HIV/AIDS Awareness powwow. The event was held on the 16th because March 20 is National Native HIV/AIDS Awareness Day. The powwow was sponsored by the HIV/AIDS Capacity Grant, which is part of the Family Services Department to raise awareness on Native American HIV/AIDS awareness day. Educational booths were on display in the lobby, a luncheon was also held on Tuesday March 19.

Master of Ceremonies for the powwow was Harold Katchenago. Head dancers were Jani Webster and Jeremy Mohawk Jr. the three drum groups were: Iron Gate-Mark and Dave Shepard, Steve Price, Melvin Kazik, Boo, Waylon. Gii Taa'se, the Gordy Williams family. Shkodack, Jason Rosario, Shawn Stevens, Sam Grant. There was a feast held at the halfway point during the powwow. It was fry bread burgers, chips, cookies, and salad. There was also a giveaway for those in attendance.

Pictures are on the center pages of this issue.

New Executive Director

Rainer Shooter is the new Executive Director for the Stockbridge-Munsee Community, and will be starting his job April 10. The Executive Director acts as the chief Staff to the Stockbridge-Munsee Tribal Council and as such is responsible to perform capacity building within the operation of the tribal organization and develop strategies to achieve and progress the goals and objectives of the tribe. The Executive Director works closely with the division, department and staff leaders to meet the goals and objectives of the tribe through a team approach. The Executive Director is responsible for implementing, coordinating and monitoring policies approved by the Tribal Council and coordinating and analyzing the forecasting and budgeting

Soul Fire Farm Programs Available

Soul Fire Farm is an Afro-Indigenous centered community farm committed to uprooting racism and seeding sovereignty in the food system. We raise and distribute life-giving food as a means to end food apartheid. With deep reverence for the land and wisdom of our ancestors, we work to reclaim our collective right to belong to the earth and to have agency in the food system. We bring diverse communities together on this healing land to share skills on sustainable agriculture, natural building, spiritual activism, health, and environmental justice. We are training the next generation of activist-

farmers and strengthening the movements for food sovereignty and community self-determination. We at Soul Fire Farm are deeply grateful to be in community with you. We are honored to give members of the Stockbridge Munsee Band of Mohicans prioritized and no-cost admission to attend our programs, so you are the first to know about this year's offerings. There are so many fruitful ways to connect with Soul Fire Farm through programming this year. We are also offering L.O.L (Liberation on Land), an immersive 3-day program for BIPOC youth, ages

Guest Editorial

When I cast my ballot, I think about my daughters. I'm using my voice to build a future they can thrive in and set an example for them. One day, they will be able to vote and this will be a tradition they will pass on to their children. So join me in voting for the seventh generation and building a future for our people.

from outside organizations or individuals to assist with election administration and restrict who can help with elections. During the pandemic, some municipalities were able to provide hand sanitizer and masks and use grant funds to hire more staff to minimize long lines and frustrating waits.

Vote NO on extreme ballot measures

On this April 2 ballot, there are two constitutional amendments that would be extremely limiting for local governments' ability to provide accessible elections.

We urge you to vote NO on both of these extreme ballot measures.

Learn more at the League of Women Voters of Wisconsin website: <https://my.lwv.org/wisconsin/vote-no-2-april-constitutional-amendments>

If approved, these would limit local governments' ability to receive funds

Be sure to review your voter checklist before you vote:

- **First, check to see if you're registered to vote here.** If you're not registered, you can register in-person when you vote. Just make sure you have a proof of residence document for your registration and a valid photo ID to vote.
- **Know what's on your ballot.** You can find a sample ballot on MyVote. Research the candidates so you can walk in with a well-informed voting plan.
- If you plan to vote absentee, know that absentee ballot drop boxes are no longer legal. **You must personally drop off absentee ballots dropped at your clerk's office.**
- **You can vote early (also called in-person absentee voting)!** In some municipalities, early voting may go until March 29, but early voting hours and dates vary by municipality. To find your

early voting hours and location, visit this link or call your municipal clerk.

- **You can also vote in-person on Election Day on Tuesday, April 2, 2024.** Make sure you bring a valid photo ID and know where your polling place is (your polling location may have changed this year). **All polling locations are open from 7 am - 8 pm.**

We know elections are so important because we are voting for people who make decisions that directly impact our lives. Issues like the environment, healthcare, the opioid epidemic, human trafficking, education, and more are all influenced by our elected officials. Make sure you vote on April 2 to make your voice heard.

Vote 'no' on election amendments April 2

Voting is a fundamental right. However, the Republican-controlled Wisconsin Legislature has proposed two constitutional amendments which show a lack of concern for voters and our hard-working local election administrators. The changes would affect the safety and security of our elections and will prevent voters from making their voices heard.

These amendments are rooted in disinformation to sway voter opinion and foster voter apathy and confusion. Amendments are supposed to better the constitution, but these attempts at change restrict voting rights and undermine the foundations of our democracy. Governor Evers has already vetoed these same changes in a bill sent to him by the legislature.

The first question would limit critical funding for our elections without a plan to ensure election administrators have the tools they need. How long we wait in lines, how many voting locations are open, and the speed of the results are all determined by the amount of money that is set aside by the state to fund our election. Our elections

should be fully funded by the state government so municipalities don't have to rely on grants or donations to process elections.

The second question would deprive election officials of outside help. Clerks rely on experts in the field of election administration, volunteers, and community members to make sure our elections run smoothly and the results are accurate. A handful of Republican politicians would choose to make their jobs more difficult. It has already become an issue to maintain our clerks in these stressful positions with the hostilities directed at them.

These amendments will be voted upon soon! In the April 2nd spring election, we have the chance to come together and show that our votes matter. Join me in voting "NO" on both constitutional amendments. By doing so, you register your commitment to keep false information and conspiracies from undermining and degrading our elections and our form of government. Visit MyVote.WI.Gov to view your ballot and find your polling place.
Jan Koch

Notice from Enrollment Department

The Enrollment Department is not accepting applications for Enrollment and Family Tree requests at this time.

Descendant verifications and ID cards by appointment.

Burial assistance and requests for verification of tribal status are processed when received.

Please do not send in Enrollment Applications. We will be mailing them back.

We are revising the Enrollment application and will no longer accept the previous application.

Hotchkiss School is looking for Native American teachers. The links below have the information about Hotchkiss School and information on how to apply; along with a link for a fellowship for graduate school while working at Hotchkiss.

Hotchkiss is also looking for students who are serious about their education to consider attending school there. There is a link below that provides information about the school. This is a boarding school located in Lakeville CT.

(Timeline: As soon as possible because we are always looking for great candidates)

Any links with experienced educators who identify Native/Native American/Indigenous/First Nations to apply for our Walter

Crain Fellowship (<https://www.hotchkiss.org/our-school/careers-at-hotchkiss/walter-crain-fellowship>) or even just applying to be an instructor <https://recruiting.ultipro.com/HOT1004HOTCH/JobBoard/4d8e81f7-e603-4a5c-8e0b-8635ed700c43/?q=&o=postedDateDesc> at The Hotchkiss School.

2) (Timeline: Before the end of August for the nominations in September). Any connections with students who might want to experience this incredible educational opportunity at [The Hotchkiss School](https://www.hotchkiss.org/admission/how-to-apply) (<https://www.hotchkiss.org/admission/how-to-apply>). Students who might get nominated for the Fly-In Program run by awesome colleague, Souleman Toure <stoure@hotchkiss.org>.

Alcohol, Vitamins and Supplements

A lot of people drink too much alcohol, even though they don't develop social problems from alcohol. If you drink more than seven drinks a week as a woman or 14 drinks a week as a man, that is too much.

Even if you are under that number, consider if you are binge drinking. Binge drinking is drinking more than three drinks of alcohol at a time as a woman or more than four drinks of alcohol at a time as a man. If you do that, that is considered too much alcohol and it is unhealthy.

It causes all sorts of health problems, such as problems with blood pressure.

Alcohol is a poison. If you have trouble reducing alcohol to acceptable levels, please see me or another provider for a four-day course of detox

medicines and a referral to the therapist.

Vitamins and supplements sometimes work but they can cause problems.

Biotin can interfere with labs; vitamin C can cause inflammation of your food pipe mimicking acid reflux or chest pain.

On the other hand, elders often need vitamins, especially because they are at high risk of having a diet low in nutrients.

People who drink too much alcohol (see above) should be taking vitamins.

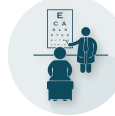

Please discuss supplements with me or another provider, we are here to serve you.

Dr. Michael Lundin,
Medical Director

Take Control of Your Health: 6 Steps to Prevent a Fall

Every **11 seconds**, an older adult is seen in an emergency department for a fall-related injury. **Many falls are preventable.** Stay safe with these tips!

<p>1</p> <p>Find a good balance and exercise program</p>  <p>Look to build balance, strength, and flexibility. Contact your local Area Agency on Aging for referrals. Find a program you like and take a friend.</p>	<p>2</p> <p>Talk to your health care provider</p>  <p>Ask for an assessment of your risk of falling. Share your history of recent falls.</p>
<p>3</p> <p>Regularly review your medications with your doctor or pharmacist</p>  <p>Make sure side effects aren't increasing your risk of falling. Take medications only as prescribed.</p>	<p>4</p> <p>Get your vision and hearing checked annually and update your eyeglasses</p>  <p>Your eyes and ears are key to keeping you on your feet.</p>
<p>5</p> <p>Keep your home safe</p>  <p>Remove tripping hazards, increase lighting, make stairs safe, and install grab bars in key areas.</p>	<p>6</p> <p>Talk to your family members</p>  <p>Enlist their support in taking simple steps to stay safe. Falls are not just a seniors' issue.</p>

Beginning March 5, 2024, VA is making all Veterans who meet the basic service and discharge requirements and were exposed to toxins while serving our country eligible to enroll directly in VA health care without first applying for VA benefits. We're using every tool at VA's disposal to ensure that as many of these Veterans as possible come to VA for their care.

This expansion of care means that all Veterans who served in the Vietnam War, the Gulf War, Iraq, Afghanistan, the Global War on Terror or any other combat zone after 9/11 will be eligible to enroll directly in VA health care without first applying for VA benefits. Additionally, Veterans who never deployed but were exposed to toxins or hazards while training or on active duty in the United States will also be eligible to enroll.

VA has prepared this PACT Act Stakeholder Toolkit for you to use and share information about VA's expansion of health care eligibility for Veterans. The Toolkit offers multiple communications resources you can use to reach your community members and help them better understand expanded care under PACT Act.

We value your support and thank you for sharing vital VA health information with your constituents to assist Veterans, their families and survivors in receiving the care they deserve. If a Veteran community member asks you about the PACT Act, please direct them to www.va.gov/PACT or call 1-800-MyVA411.

Key messages

• Beginning March 5, we're making millions of

Veterans eligible for VA health care years earlier than called for by the PACT Act.

• Specifically, all Veterans who meet the basic service and discharge requirements and were exposed to toxins and other hazards while serving our country—at home or abroad—will be eligible to enroll directly in VA health care without first applying for VA benefits.

• That includes all Veterans who served in the Vietnam War, the Gulf War, Iraq, Afghanistan, or any other combat zone after 9/11.

• It includes all Veterans who deployed in support of the Global War on Terror.

• And it includes Veterans who never deployed but were exposed to toxins or hazards while training or on active duty here at home, including those who worked with chemicals, pesticides, lead, asbestos, certain paints, nuclear weapons, x-rays and more.

• We're doing this because VA care is proven to be the best, most affordable health care in America for Veterans and we want as many Veterans as possible to come to us for their care.

• So, to all the Veterans out there: don't wait, apply for the care you deserve at VA.gov/PACT.

• Even if you don't need this care today, you might need it tomorrow, or the next day, or 30 years from now. It's quick and easy to apply. And once you're in, you have access for life.

TVSO Update:

Consider coming to see me as soon as possible after returning home from active service or even if you are serving or have served in the National Guard or Reserve to see if you can qualify for VA Benefits. I've been told there were National Guard members

who did 20 years that have Line of Duty (LOD) injuries but NEVER got a disability rating. They just didn't know they qualified. I think it could help those nearing end of active duty or recently discharged service members to hear and learn about the benefits they can receive after service.

"This project [is being] [was] supported, in whole or in part, by federal award number [SLFRP0135FAIN] awarded to [the Wisconsin Department of Veterans Affairs via the Wisconsin Department of Administration] by the U.S. Department of the Treasury."

Visit cont from pg One: thriving regional food system. A regional food system grounded in Native culture, that provides economic opportunities and diversification for Tribes and producers to feed their communities is necessary. It is clear that feeding our people is one of the most essential functions of our society and requires a new solution.” - NAAF

Since 2019, the SMC Ag Department has received three grants from NAAF. These have provided the funding to install a well in at the garden, build our shed, help purchase a tractor, support processing of traditional foods, fund education classes, offset Tribal Contribution for payroll, and purchase seeds and garden supplies. NAAF is also the funding behind the Native Farmer & Producer Re-grant program which began in 2021 and has awarded 18 grants to Tribal Members totaling \$21,000. The 2024 re-grant program will be posted in April. Dr. Joe L. Graham is *Kawaik’kome*, a person of the Pueblo of Laguna, New Mexico, and serves as NAAF’s Senior

Program Officer. He felt the SMC’s grant projects have been “interesting and innovative.” He visited Keek-Oche/From the Earth Tribal Farm on March 19th for a tour. He was impressed with our beekeeping, traditional foods, and community involvement. A tour of the Tribal farm on the first day of spring showed a few signs of life including orchard trees beginning to bud, garlic sprouting, cover crop starting to come back, and one dandelion and Mullen growing in the high tunnel. He was proud to see how NAAF’s funding is being spent to help feed and support the Community.

The Ag Department is excited to start the 2024 growing season. Phase one of a Food Hub will take place this summer (with NAAF funding,) as well as a construction a third high tunnel (with NRCS funding.) The CSA and weekly farm market will continue to take place on Wednesday’s starting in late June. We are taking applications for CSA Memberships now at www.mohicanAG.com/csa.

Director cont from One: requirements of the designated division and departments. The Executive Director works with the team of Tribal Treasurer, Tribal Administrator and CFO to develop the annual comprehensive tribal budget. Rainer is the son to the late Jerilyn Johnson and Garrett Shooter. Step-Son to Scott Johnson. He is one of three boys (brothers, Walker Miller and Thomas Kazik II) that Jerilyn and Scott raised along with his little sister Tynea Johnson. He has a three-year-old daughter, Adeloa Shooter, whose namesake was Ataloa Wadzinski and in the heat of the moment at the hospital, he ended up spelling Loa’s name differently. They had just gotten off the phone with Ivan (Ataloa’s husband) sharing the news that they had a girl and they would be going through with naming her after his wife/beloved community member and had forgotten to ask for the correct spelling! Nonetheless, her name holds a special meaning to their family as Ataloa and Ivan became great friends

of the family and made it to almost every home basketball game of his and those of his brothers and sister. Shooter has a bachelor’s degree in Fire Science and Ecology from the University of Wisconsin-Stevens Point in 2019 and has a Masters of Forest Resource in Forest Business 2021. Rainer is coming from two years at Menominee Tribal Enterprises where he held the position of Log Value Manager and then Chief Operating Officer of the company. Prior to that he have worked seasonal positions with the United States Forest Service in Cook, Minnesota and Springfield, Colorado while in his Undergrad and Graduate summers. Since moving home and working as a fully functional adult, Rainer has picked up golfing more with his siblings and friends. Traveling to various locations for lumberjack competitions every summer is still on his itinerary but out of all the traveling he does, he enjoys the memories he gets to make with his daughter Adeloa.

Bridge the Gap

Bridge the Gap, Inc.’s mission is to provide a safe, nonjudgmental environment for those with autism and all special abilities to reach their full potential as they journey from childhood through adolescence and into adulthood. Our purpose is to provide individualized client programs and therapeutic interventions, strengthen familial ties through education, and raise public awareness of autism and other special abilities.

Our program is related to our mission by providing

direct support and education to families, teachers, neighbors, community members, etc. regarding autism and other varying disabilities, sensory processing disorders and self-regulation. We have created a non-judgmental environment for individuals and families to receive support by expressing their feelings and concerns and networking/connecting with others in similar situations. *Please note, even though Bridge the Gap’s (BTG) primary focus is autism, our programs are open to those with all varying disabilities.

Since 2008, BTG has

assisted individuals on the autism spectrum and their families. BTG has two Community Outreach Centers which are in Shawano and Green Bay, Wisconsin. Our nonprofit Community Outreach Centers aid those in need in Northeast Wisconsin and particularly to the counties of Shawano, Menominee, Oconto, Brown and Waupaca.

BTG will be holding a Sportsman for Autism banquet on April 13, 2024, at Romy’s Holiday Inn at 9600 County Rd E, Kelly Lake, WI. The Stockbridge-Munsee Community has provided

BTG with a sponsorship for this event. BTG would like to wholeheartedly thank the Stockbridge-Munsee Community for their generous funding for this event. All proceeds will be used for client programs such as our children, teen/young adult, adult daily living skills programs, and many more.

For more information regarding BTG or event tickets, please contact the Shawano BTG Community Outreach Center at 715-526-3791.

Bridge the Gap office hours are 8 a.m. to 5 p.m. Offices located in Shawano, WI

Soul cont from pg One: 14-16, that harvests the power of land as a tool for personal and collective liberation. **The application deadline for the L.O.L. Youth Immersion has been extended to Wednesday, April 10th at 5:00 PM EST.**

3DSkillSharesare redesigned for BIPOC to deepen skills in specific farming and land stewardship practices in a culturally relevant, supportive, and joyful environment. These skill shares are held virtually and in person at Soul Fire Farm. Our 2024 offerings include dynamic deep dives into Orchard, Beekeeping, and Mushroom.

On farm / in person programs:

L.O.L. (Liberation on Land) Youth Immersion is an immersive 3-day program for BIPOC youth, ages 14-16. We will engage in creative and healing arts, farming, whole foods cooking, political education, nature play, mindfulness practices, and physical activities.

Soul Fire in the City: We provide raised bed gardens to community members and groups in the 518 at no-cost to support folks to grow their own food and medicine.

Work-and-Learn Days: These community farm days allow participants to learn about some of our farming practices while supporting our work and getting your hands on the land from 10am-3:30pm.

Farm Tours: Throughout the farming season, we invite our community to experience some of the plants, animals and humans that grow here, on Fridays, 3:30pm-4:30pm.

Youth Programs: We offer a limited number of customized workshops for youth and intergenerational groups between May and October. We are already

booked for the 2024 season. Check out our webpage for curriculum ideas and to join the waitlist for 2025.

3D Skill Shares in person: Hands-on workshops by and for BIPOC that dive deep into specialized topics in specific farming and land stewardship practices from mushroom cultivation to agroforestry.

Building Skills are a series of opportunities to develop carpentry skills, practice tool use, learn about natural building, and get inspired by Soul Fire Farm's ecologically-sustainable campus design. Current offerings include open shop days, skills days, tours, and a day-long, hands-on introduction to carpentry.

SOULstice Party Our biggest, and longest running event, Soul Fire Farm's annual summer solstice celebration features live music, food vendors, sacred play, camp fire, and the most lit dance party of the year! Save the dates for this year's SOULstice Party June 22-23, and for the 4th Saturday of June far into the future!

Virtual programs: 3D Skill Shares Virtual, interactive workshops by and for BIPOC that dive deep into land-based skills with specialized topics from farm business planning to soil health.

Liberation on Land Skillshare Video Series: Featuring BIPOC farmers and land stewards, each "how to" video tutorial demonstrates practical, hands-on skills for making life and livelihood on land while paying homage to legacies of African Diasporic and Indigenous wisdom and innovation.

Farming While Black Instagram Live: Every month, experienced Black farmers and food systems experts share

their knowledge about agriculture, land tenure, markets, food policy, co-ops, cultural foods, and more.

@soulfirefarm Formerly Ask a Sista Farmer.

Uprooting Racism in the Food System: A theory and action workshop to develop tangible action plans to uproot systemic racism in food and land systems.

Virtual keynotes: Powerful storytelling about Black ecological thought, the history of racism and resistance in the food system, and the roots of Soul Fire Farm's strategies for sovereignty. Screen Black Earth Wisdom or Uprooting Racism, Seeding Sovereignty for your community.

TREAT CLOTHING WITH PERMETHRIN

Lyme (and other tick disease) Prevention

We have a lot of ticks around here which spread Lyme disease, Anaplasmosis, and other infections. If you are interested, here is tick disease prevention advice from the CDC (the same people who tell us what to do with the coronavirus). This is adopted from the CDC.

If spending time in the forest or tall grass, you can treat clothing and gear by spraying on them 0.5% permethrin (at Walmart, \$10 dollars for a 24 ounce spray. Can also buy on amazon and elsewhere)

- o Permethrin kills ticks on contact.
- o Permethrin can be used

to treat shoes, clothing, and gear but **should not be used on skin.**

- o One application of permethrin to pants, socks, and shoes remains protective through several washings.

This is besides doing some behavioral things

1. shower after spending time in the forest or tall grass. In the shower, check your body for ticks
2. wear light-colored clothing so you can more easily spot ticks
3. wear bug repellent such as Off! Unlike permethrin, you can put a bug repellent like Off! on skin

Where: Mohican Family Center

(N8605 Oak Street Bowler WI 54416)

Time: 4:00 pm—5:00 pm

Concerns with Certain Cinnamon Products due to Presence of Elevated Levels of Lead

FDA ALERT: Cinnamon Products and Lead

FDA is advising consumers to stop using and dispose of affected products.

Consumers should not eat, sell, or serve ground cinnamon products listed in the affected products table and should discard them.

These products have a long shelf life. Consumers should check their homes and discard these products if found.

If there is suspicion that someone has been exposed to elevated levels of lead, contact your healthcare provider. There are no obvious symptoms.

MEASLES OUTBREAK ALERT

Measles is a highly contagious and severe viral respiratory illness. It is spread through the air when an infected person coughs or sneezes. It is so contagious that if one person has it, people around them will also get infected if they are not protected.

MEASLES CASES IN 2024

Measles cases have been reported across the U.S., including in Arizona.

How measles can spread:

- An increase in the number of travelers who get measles abroad and bring it into the U.S.
- Spread of measles in U.S. communities where there may be unvaccinated people.

Measles causes fever, cough, rash, runny nose and red, watery eyes. Complications can include ear infections, diarrhea, pneumonia, brain damage and death.

MEASLES IS HIGHLY CONTAGIOUS

Exposure from an infected person can occur two hours after they have left the area. Symptoms may not appear until 21 days after exposure. This increases the risk of spreading measles at an alarming rate.

The best way to protect yourself and others is to receive the MMR vaccine

Who should be vaccinated:

- Children need 2 doses of the MMR vaccine:
- First dose: 12-15 months of age
- Second dose: 4-6 years of age

Adults not immune to measles, mumps, and rubella should get vaccinated.

If you or a family member suspect or had a known exposure to measles, please begin self-isolation and contact your health care provider or nearest health care facility for further instructions on when you may be able to visit without exposing others.

Did You Get Your Measles, Mumps, and Rubella Vaccine?

What is the MMR Vaccine?

The MMR vaccine can prevent measles, mumps and rubella. Most people who get the MMR Vaccine are protected for life.

What is Measles?

Measles causes fever, cough, rash, runny nose and red, watery eyes. Complications can include ear infections, diarrhea, pneumonia, brain damage and death.

What is Mumps?

Mumps causes fever, headache, muscle aches, tiredness, loss of appetite, and swollen and tender salivary glands under the ears. Complications can lead to deafness, swelling of the brain and/or spinal cord, painful swelling of the testicles or ovaries, and rarely, death.

What is Rubella?

Rubella causes fever, sore throat, rash, headache, and red, itchy eyes. It can cause arthritis in half of teenage and adult women. If rubella is caught during pregnancy, it can result in a miscarriage or the baby could be born with serious birth defects.

Who should get vaccinated?

- Children need 2 doses of the MMR vaccine:
- First dose: 12-15 months of age
 - Second dose: 4-6 years of age

Adults who are not already immune to measles, mumps, and rubella should get at least 1 dose of MMR vaccine. Certain adults may need 2 doses. Your health care provider will help determine the number of doses needed.

For more information on MMR vaccination, please speak with your health care provider.

Purchased/Referred Care

Please acknowledge that receiving a referral from a provider at the Stockbridge-Munsee Health & Wellness Center does not conclude that it will be paid for by Purchased/Referred Care. You are required to call or see PRC staff to make sure you are eligible for PRC. Per PRC Policy #202PRC0002.

PRC Staff:
Kasha Coyhis PRC Manager 715-793-5011
Ronni James PRC Assistant 715-793-5010
CJ Komanekin PRC Assistant 715-793-3015

Reminder!!!

If you receive emergency room care, you must call the ER notification line at **1-877-898-4154** within 72 hours or 30 days for elders or disabled with the following information:

- 1. Patient name
- 2. Name of hospital
- 3. Date of service
- 4. Reason for visit
- 5. Ambulance, if applicable
- 6. Additional information

Thank You,
PRC Staff
